Animals/Pets Policy

Only service animals are allowed in buildings at Touch of Nature. Service animals are defined as dogs that are individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, and/or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability.

Non-service animals and pets are not allowed in Touch of Nature buildings. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals and are not allowed in the facility unless otherwise approved by Touch of Nature Administration.

Touch of Nature staff reserves the right to dictate the locations where filming is permitted as to not interfere with the course of normal building operations. Media outlets may have access as long as these guidelines are followed.
